

RECYCLING HERO COMPETITION

Join the quest to improve global health by avoiding the releasing of poisonous fumes caused by waste burning. Reuse and recycle your belongings to ensure a sustainable future and fight against global warming.

How to take part:

1

Collect

valuable recyclable materials
(check the Recycling Hero textbook)

2

Bring

the materials to your school and
put them in the right recyclable bins

3

Weigh

how much has been collected
together once the bins are full

See below how much has been collected and your school's ranking in the competition
(paste a piece of paper below if more rows are needed)

DATE	Kg PET BOTTLES	Kg METALS	Kg GLASS	RANKING

The Don't Set Your Waste On Fire campaign is run by your municipality and your government with UNIDO and UNITAR
